Sign languages (also known as signed languages) are languages that use the visual-manual modality to convey meaning. Language is expressed via the manual signstream in combination with non-manual elements. The updated 4th Edition of the practical field manual *In Control* is now available. Updates illuminate, amongst others, new EU structures dealing with the Common Security and Defence Policy; The official language of Greece is Greek, spoken by 99% of the population. In addition, a number of non-official, minority languages and some Greek dialects are spoken as well. *Data Modeling and Harmonization with OWL: Opportunities and Lessons Learned* John L.
