InQuizitive is an adaptive quizzing tool that combines interactive question types with game-like elements to engage students. Instructors most often assign InQuizitive activities as homework before lecture to ensure students come prepared to class. There's no need to doubt that putting a fake owl in your yard will deter birds because a study has confirmed it. The study was conducted at Linfield College in Oregon, and it concluded that fake owls were effective bird deterrents but only for a limited time.
