Permutation and Combination. Permutation : Permutation means arrangement of things. The word arrangement is used, if the order of things is considered. DSE Maths Past Paper By Topic / By Year (1991-2017)

Grade DSE #5 NOTE : In the same example, we have different cases for permutation and combination. For permutation, AB and BA are two different things but for selection, AB and BA are same. Solution : In these type of questions, we assume all the vowels to be a single character, i.e., "IE" is a single Permutation. A permutation, also called an "arrangement number" or "order," is a rearrangement of the elements of an ordered list into a one-to-one correspondence with itself.
